

Getting selected value from radio button

```
        OK: function () {
            $(this).dialog('close');
            $(this).dialog('destroy');
        }
    });

    $('#div_customDialog').dialog('open');
}
</script>
```

Controller:-

```
public ActionResult RadioButton()
{
    return View();
}
```

***** END *****
